Re: Docket No. 01-AFC-14
Request for Suspension

Dear Chairman. Keese,

Pursuant to the provisions of Title 20, California Code of Regulations, Section 1707, the Roseville Energy Facility L.L.C. (REF) filed an Application for Certification at the California Energy Commission (CEC) on August 10, 2001. REF is a wholly owned subsidiary of Enron North America Corp. (ENA) who filed for bankruptcy on December 2, 2001. For the past eight months, ENA has tried to secure funding for the REF project to complete the permitting and pursue the engineering and construction. Unfortunately, ENA was not able to secure funding and therefore requests the CEC place the REF project in suspension for a period of one (1) year. We will continue to pursue funding for the project either from a third party or as a part of a bankruptcy court approved reorganization plan. It is our intent to continue the CEC process upon securing funding for the project. REF will provide periodic reports to the CEC of its status and provide sufficient notice to the CEC of its intent to re-start the project.

I want to thank the CEC Committee and Staff for the professional manner in which the REF case was evaluated. I look forward to working with the CEC Committee and Staff as this project continues to be pursued by REF.

As an officer of Enron North America Corp., the sole member of Roseville Energy Facility L.L.C., I hereby attest, under penalty of perjury, that the contents of this notice are truthful and accurate to the best of my knowledge.

Dated this 5th of August 2002
